

The Utah Assistive Technology Foundation makes business equipment affordable through zero interest loans. Now you can telework anywhere, anyplace, anytime!

UATF can help provide the funding to purchase equipment you need to start earning money from home. The loans can be used to purchase nearly any equipment necessary to be a successful entrepreneur or employee from home. UATF is part of a nationwide work-from-home project called Telework. The Telework goal is to enable people with disabilities to earn an income by working from home.

Devices and Equipment

that qualify for business equipment loans include, but are not limited to:

- * Computer hardware and software
- * Office equipment (fax, scanner)
- * Cell phone or PDA
- * Worksite modifications
- * Cable and DSL internet equipment
- * Videoconferencing equipment
- * Seating and positioning equipment
- * Assistive farm equipment

0% interest loans,

financed through Zions Bank, will be provided for qualified applicants to help make telework technology available.

Under the Telework Program, the borrower can purchase items from \$500 to \$10,000 depending on financial and credit qualifications. This can go a long way in providing the necessary tools to work anywhere, anyplace, anytime.

For more information or to receive a loan application, contact the UATF at (800) 524-5152
